

# Dream On

King Kobra

When I was a kid  
I still see what we did  
We were always on the run  
It would seem  
That you had a dream  
That you could be anyone

I remember one day  
An old man passed my way  
He looked at me and he said:  
Boy don't you cry  
You reach for the sky  
Boy you look straight ahead!

If you know what you want  
And you know how to get it  
Don't let any man  
Let you forget it  
If you know what you mean  
You won't regret it  
Dream On  
That's what I say  
You Dream on  
Till love comes your way  
You Dream On

And as time went by  
As the many nights  
The love and I would hide  
Love to me  
Was so easy so free  
With no concerning, no burning inside

And the words of those nights  
In the citylights  
As the poisonbee, we went wild  
She looked at me  
And these words I can see  
As plain as when I was a child

If you know what you want  
And you know how to get it  
Don't let any man  
Let you forget it  
If you know what you mean  
You won't regret it  
Dream on  
That's what I say  
You Dream On  
Till love comes your way

You better Dream On

You Dream On

So if you love and you lose  
And you pay that fuse  
And the times life don't work out  
Don't you cry Jack  
And don't you look back  
You let these words ring out

If you know what you want  
And you know how to get it  
Don't let any man  
Let you forget it  
If you know what you mean  
You won't regret it  
Dream On  
That's what I say  
You Dream On  
Till love comes your way
