

# Party Animal

King Kobra

It's after midnight, the magical time  
You've got that look in your eyes  
The creature within you begins to emerge  
You start to realize

Your instincts are sharp, like the blade of a knife  
To serve your every need  
Stalking your prey, like a wolf in the night  
The hunger starts to feed

You're hearts beating faster  
And your pulse starts to rise

You're a party animal  
Running through the night  
If you dare to cross the line  
You're a party animal

You seek to find your forbidden desire  
And nothing stands in your way  
Releasing the anguish of unhuman emotion  
You need it every day

It's part of a nature  
We all have inside

We're the party animals  
Running through the night  
And we dare to cross the line  
We're the party animals

We're the party animals  
Running through the night  
And we dare to cross the line  
We're the party animals
