

Ocean Bed

King Krule

It's goin' all right
Soak it in
I mean this sponge site
Is coated in
The warmth of your tides
They're breakin' it in
All across my coastline
Now it's what I'm wakin' in
To find
That heaven
Has bled
Into my bed
And I'm drifting
Away

Are you in heaven, lover?
I need you so.
Have you melted yet, lover?
For reasons unknown
You're sweet like no other.
This haze is a wormhole
Radiatin' undercover.
Through your burdened soul
That's bled
Into my bed
And I'm drifting
Away

Neither of us remain
Neither of us remain
So let my waves take...

Swept away
And off the shore
Neither of us remain
On the floor
I know you want this
More and more
So let my waves take
What I adore
