

## Will I Come

King Krule

"I just want you to know"

Well, if only  
I had a heart to rip into  
Because you owe me  
A breakdown that would not include  
Not to stay around  
And see this night through  
Girl, don't stay around  
And bathe with me in blue  
Just one of those things  
Just one of those things

I just want to let you know

"You don't even know what you're doing!"

"No! Jesus Christ! Oh my God!? No, no dear God, no, Christ!"
