

King Of Eternety

King Leoric

Clouds of sorrow fill the sky of Jerusalem
The hill Golgotha rises in eternal grief
Trail of tears, March of crosstitution
Under the cross the faith of mankind dies

They kill the King
worst mistake of mankind
Nails of iron, cross of wood
Heaven cries tears of holy water
as the holy king dies
They killed the King

The curtain cuts, walls of stones are shaking
Forgive them father, for they dont know, what they do
Lightning, Thunder, Godfathers wrath is storming
A mothers tears falling down in holy rain

The King is dead
He ll be there forever
faith & salvation ruked his life
After three days he ll leave all his disciples
to turn the dark into the light...
