

Stranded In Time

King Leoric

I feel like a king
but people they just spit on me
I feel like a slave
but all they now are praising me
I feel like a hero
but all they - they are fighting me
I feel like a ghost
but all they now just laugh at me

What I've done - it all is wrong

Refrain:

Stranded in time
Nothing is mine
I try the truth
now to decline

I try to be the sea
but no one will now drown in me
I feel to be the earth
so who is shaking first
I think to be the air
so no one will take care
I try to be the wind
blowing air... - my wishes within

What I've done - it all is wrong
