King Louie

feat. Leek

You can be my lady friend, I can be your bae your man
For one night, one night
You can be my lady friend, I can be your bae yourman

For one night, one night

Girl, I love your body, girl, on the mans i love your body
Girl, do that dance I like for me
Girl, do that same dance on my d*ck
Baby, can me and you make a movie
Baby, it's true, you remind me of my Jeep
Can we have sex to this song in my Jeep?
If so let me put this song on repeat

You can smoke my gas with me, pop a flat and roll with me
All night, all night
Girl, put on a show for me before you go low on me
Oh my, oh my
You can be my lady friend, I can be your bae your man
For one night, one night
Girl, you're so beautiful, what am I gonna do with you?
I don't know, I don't know
Gorgeous you are, remind me of my car
Won't you get on top and get yourself a ride tonight?

Girl, I love your body, girl, on the mans i love your body
Girl, do that dance I like for me
Girl, do that same dance on my d*ck
Baby, can me and you make a movie
Baby, it's true, you remind me of my Jeep
Can we have sex to this song in my Jeep?
If so let me put this song on repeat

I be in my Jeep, we be cruising, baby
I be in my car, now we can go far
Take you on a ride far
