

# Fall On Me

King's X

A boy's own story, grows up to be a man  
Catches the fall, he's given a second chance

Lightning flashing east to west  
Love is falling on

Pain, don't fall on me  
Pain, don't fall on me  
Pain, don't fall on me  
Love, fall on me

Hand to hand breath to breath  
The boy to man, spirit and death

Lightning flashing east to west  
Love is falling on

Pain, don't fall on me  
Pain, don't fall on me  
Pain, don't fall on me  
Love, fall on me

Hand to hand breath to breath  
The boy to man, spirit and death, yeah

Lightning flashing east to west  
Love is falling on

Pain, don't fall on me  
Pain, don't fall on me  
Pain, don't fall on me  
Love, fall on me

Love, fall on me  
Love, fall on me  
Fall, oh  
Love, fall on me  
I said, "Love, fall on me"  
Yeah
