She stands in the waiting She looks down to speak Your eyes speak invitation To follow with the beat

She said, "Oh no, I'll never be the same You struck my heart like lightning I'll never be the same"

I've come to know the color Of indecisiveness Tell me what I'm feeling In seven words or less

She said, "Oh no, I'll never be the same You struck my heart like lightning I'll never be the same"

The way looks awful lonely So long or maybe less The time has passed so slowly There's pressure on my chest

Your eyes speak invitation To follow with the beat So tell me what I'm feeling In seven words, so speak

Oh no, I'll never be the same You struck my heart like lightning I'll never be the same

Oh no, I'll never be the same You struck my heart like lightning I'll never be the same

Come on, baby, come on along The road's not that long Gretchen, Gretchen, Gretchen I wanna go
