

# I'll Never Get Tired Of You

King's X

Simple words I have in mind  
Nothing more between the lines  
I have heard that love is blind  
It it's true then I will find

I'll never get tired of you  
Oh no, Oh yeah  
Never, never  
Oh, never, never  
I'll never get tired of you

From my heart I want to say  
But the words get in the way  
Millions of ways to say the same  
Even though the feelings change

I'll never get tired of you  
Oh no, Oh yeah  
Never, never  
Oh, never, never  
I'll never get tired of you

I'll never get tired of you  
Oh no, Oh yeah  
Never, never  
Oh, never, never  
I'll never get tired of you

I'll never get tired of you  
Oh no, Oh yeah  
Never, never  
Oh, never, never  
I'll never get tired of you

I'll never get tired of you  
Oh no, Oh yeah  
Never, never  
Oh, never, never  
I'll never get tired of you

I'll never get tired of you  
Ooooooh nooooo  
Never  
Never, never

I'll never get  
Never, ever get  
Never, never  
Never, never, never, never, never  
I loooooooooove you
