

Marsh Mellow Field

King's X

Heard you were coming back
Been hanging around for so long
A militant mother... A militant brother
A militant marsh mellow field

Loosen the tourniquet
Long way to go for so long
An angry professor, misguided confessor
Of militant marsh mellow field

Oh won't you take me
Oh won't you take me
Oh won't you take me out of my mind

Oh won't you take me
Oh won't you take me
Oh won't you take me out of my mind

Valedictorian
Living the words for so long
I love you forever
I curse the bad weather
In militant marsh mellow fields

Its raining in storyland
Stuck in the pages so long
Attracted a loser
A practiced confuser
A militant marsh mellow field

Oh won't you take me
Oh won't you take me
Oh won't you take me out of my mind
Oh won't you take me
Oh won't you take me
Oh won't you take me out of my mind

New resolution
Forever lasting so long
Got over inflated
I no longer waited
In militant marsh mellow fields

Oh won't you take me
Oh won't you take me
Oh won't you take me out of my mind

Oh won't you take me
Oh won't you take me
Oh won't you take me out of my mind
