King's X

I sing this song because of you
Because of you
I sing this song because of you
You're the story
It's you
It's you

What could I say
What should I do
Oh for you
What could I say
What should I do oh
You're the glory
It's you
It's you
It's you
It's you

I sing this song because of you
Because of yoooooou
What should I do?
What should I do?
Should I
Should I do
In the end
