

# She's Gone Away

King's X

I've got a lot I call my own  
My house is full of things  
But its just an empty home  
And all day long I walk around  
Seeing reminders and reliving all I've found  
She's gone away

She... she's gone away  
She's gone away  
She left today  
Hey hey  
She... she's gone away  
She's gone away  
She wouldn't stay  
Hey hey

I took your brother to the zoo  
The sky was falling  
And he seemed to know it too  
He turned to me and said  
What a waste  
And I said...  
Someday you'll know it  
If you ever get the taste

She's gone away  
Yeah!

She... she's gone away  
She's gone away  
She left today  
Hey hey  
She... she's gone away  
She's gone away  
She wouldn't stay  
Hey hey

I took your brother to the zoo...
