The World Around Me

One mornin' walkin' down the street Where nobody walks, nobody can hear Started listenin' to a sound so clear To the world around me

Incredible scene I had to believe I saw a difference to the way I see The mystery said "Come and see the world around me"

See the world all around

I started to laugh but a grin took its place And my heart beat louder like it never did before I saw things that I never saw before This world around me

I can't resist I couldn't see how this could be an accident I can't resist I wanna see more

See the world all around See the world all around

Lets see the world all around me See the world, all around, cry
