

## On The Dance Tip

King Tee

(Dance floor, baby)  
Ha, ha, what's happenin'?  
What's goin' on, man?  
Chillin', Finna do somethin' a lil' different  
You know what I'm sayin'?

Got my man E-Swift in the house  
E-Swift, you wanna dance?  
Alright come on, let's dance now  
Bust it

Goin' out on the rhythm and blues tip  
With my man Rashad and Bronick  
We got Bob in the house, yeah  
And I'mma bust it off like this  
On the first verse, check this out, bust it

Now dancers, here's another hit for your collection  
Take a deep breath, let's start sketchin'  
Moves for the dancers to get into  
I'mma wait on you, now here's your menu

Just order what you want 'cause you know  
I can rock a slow or a swing tempo  
So swing to it, it ain't nothin' but a good feelin'  
And if you're willin' I'mma tell you the deal then

I got to see you move it  
(On the dance floor, baby)  
Yo, that's how we doin' it in 1990  
You know what I'm sayin'?

I got to see you move it  
(On the dance floor, baby)  
Yeah  
(Get funky with it)  
Ain't it funky now

Hold up, hold up  
What I wanna do right here is talk to all the dancers  
That call they selves dancers but they really can't dance  
I'm gonna teach you how to do it, alright?  
Check this out

Now all you gotta do is get loose  
Yeah, show you got juice  
If punks wanna jump, run 'em up and I shoot  
Slick, slick poetry for those who got couth

And if you'll dance even if you can't dance  
Enhance a rhythm that'll glance  
Up against your body as the music just swings  
Knockin' out the suckers, now who's left?  
(King)

Tee, yeah, that's me, see  
The cool gangster, the gangster, that's me

So just skip while I make that grip  
Don't worry about a thing, I'm on a dancin' tip

I got to see you move it  
(On the dance floor, baby)  
Yeah, like that, yeah, y'all doin' it right  
Check this out, E-Swift

I got to see them movin'  
(On the dance floor, baby)  
Alright, yeah, where?  
(On the dance floor, baby)

Do what you want  
Let's have some fun y'all

Now keep on movin', better yet keep steppin'  
You know, from the right to the left and  
Dance all night till your knee caps break  
You can do the Biz Markie, then the Heavy D Shake

If you like to boogie from sun to the moon  
Well, cut the rug to my rhythm and blues tune  
Just remember if the phonograph skips  
Don't worry about a thing, we're on a dancin' tip

And I got to see you move it  
(On the dance floor, baby)  
Yeah, yeah, come on, come on, come, E-Swift  
We got to see you move it  
(On the dance floor, baby)  
Yeah, peace, I'm outta here

Do what you wanna do  
On the dance floor, baby  
I know you got the feelin', let's dance  
Let's have some fun  
On the dance floor, baby
