

## Hope Is On Fire

## Kingdom Come

Another bloody day 's in sight  
What a thrill we're still alive  
TV's shouting on and on!  
War is raging, peace is gone

Hope is on fire  
No more desire

Sorry if I don't suit your style  
I just woke up it took a while  
Pardon me I'm running late  
I'm busy trying to escape

Hope is on fire  
Damage done in definite  
No more desire  
Time out for dreamer  
Mother earth just won't forgive  
Too late for healer
