

Is It Fair Enough

Kingdom Come

Coming to your land with a helping hand, oh no
Our coming here is causing so much fear, I know

Uuuhh, is it fair enough
Uuuhh, is it fair enough

Try to keep building on hate
Try to keep changing their fate
Dying for freedom in fame
Can't keep ignoring the shame

Tried to change your life
But it just ain't right, I know
Should we turn around
Let you all go down, alone

Uuuhh, is it fair enough
Uuuhh, is it fair enough

Try to keep building on hate
Try to keep changing their fate
Dying for freedom in fame
Can't keep ignoring the shame
