

Let The Silence Talk

Kingdom Come

Lonely again but happy I am
Only me and the maker
That's when I'm close, feeling the most
Sending out a few prayer

Phantasy shows only to those
Who have learned to imagine
What it could be and no one can see
It's a holy donation

Say no word
Make no sound
Make it count

Being alone the time when I grow
When the spirit takes over
Carry no phone, let nobody know
Got no voice on my shoulder

Say no word
Make no sound
Make it count

Say no word
Make no sound
Make it count

Say no word
Make no sound
Make it count

Say no word
Make no sound
Make it count

Say no word
Make it count
