

# Mother

## Kingdom Come

When you're down  
Nothing shows  
Just somehow  
She already knows  
Magic bounds  
Holding tight  
Gentle sounds  
Taking your side

Mother - she would know  
Mother - 's clearing the smoke  
Mother - She's a star  
Mother - That's what you are

When you're down  
She is close  
Like the thorn  
Protecting the rose

Good advice  
Based on love  
Helps you rise  
When things getting rough

Don't forget  
once you part  
it's her blood  
that's running your heart

When you're out  
on your own  
save the bridge  
that's guiding you home
