

Sweet Killing

Kingdom Come

How does it feel
Exploding deep inside
How does it feel
Touching death and life

Turning around
Inviting me inside
Making no sound
I feel her laugh and cry

No lover - No other
Can control her mind
Can't measure - her pleasure
Reaching out for life

She's burning - she's turning
The face of hate and love
Sweet killing - so thrilling
The journey may get ruff

Begging for pain
The devil kissed her mind
Hugging the flame
The angels left behind

Watching her lips
Following my sound
Like the eclipse
Of senses all around
