

## Tell Me What I've Done

Kingdom Come

The first time I had seen her face  
It struck me very hard  
As I walked up to ask her out  
She got right in my car

A minute later I went on  
Do you care for sex  
She replied don't hesitate  
But only cash or cheques

Ohh Tell me what I've done  
Im out of luck again  
Ohh I only wanna have some fun  
Let the dark days end

The bed was rockin very hard  
It never felt so great  
Sure enough my girl found out  
I knew it was too late

She suit me for a broken heart  
But nothing I could give  
The court of justice figuered out  
A poor man's got to live

Ohh Tell me what I've done  
Im out of luck again  
Ohh I only wanna have some fun  
The dark days got to end
