

## Thank You All

Kingdom Come

Here I am once again  
Need a true helping hand  
Yes I do, yes I do

I ain't wise, I ain't cool  
Lot of times, been a fool  
Yes I know, yes I know, sure I know

I'll be back , with full attack  
And waving flags, standing tall

Thank you God, for my friends  
For a fair second chance  
Thank you all, thank you all

I'm so glad you're around  
Always there, when I'm down  
Knowing you, got me through  
Catch my fall, catch my fall

I'll be back , with full attack  
And waving flags, standing tall  
Thank you all  
Never crawl  
Stand up tall
