

Who Do You Love

Kingdom Come

Who do you love?
Tell me now
Spit it out
No more smalltalk
Shut the door

R: Say the words
Clear the air
Look inside
It's right there
With your eyes
You can't see
'Til your heart
Is set free

Who do you love?
I believe you don't know
Time's up
Can't wait anymore

R:

Who do you love?
Get it right
Move along
It's your show
Choose now and let me know

R:

Make the choice
Wastin' time
'Cause I won't stand in line
