

Buried In Black

Kingdom of Sorrow

A moment of chance buried in black
Ink the pages with my blood
Held in time by hands of vengeance

A moment of chance buried in black
Ink the pages with my blood
Held in time by hands of vengeance

Revelation
A glimpse of this awful finality
Torn wings bleed onto tattered faces
Betraying my every mortality
Ink the pages

Ink the pages with my blood
Betraying this mortality
A glimpse of finality
Ink the pages with my blood
A moment of chance buried in black
Bury it!

Break the glass of sorrow upon the stone
In love what does not fear to suffer or to burn
Despised
Ink the pages
Ink the pages with my blood
Betraying this mortality
A glimpse of finality
Ink the pages with my blood
A moment of chance buried in black

My heart is bleeding
I'll sunken in
I'm wounded by your wrath

My heart is bleeding
I'll sunken in
I'm wounded by your wrath

Blood will triumph over all
Blood will triumph over all

A moment of chance buried in black
Ink the pages with my blood
Held in time by hands of vengeance

A moment of chance buried in black
Ink the pages with my blood
Held in time by hands of vengeance
