

## Camaro

Kings of Leon

She look so cool in her new Camaro  
It's black as coal and it goes boy, go go go  
I brought my fight next to her Camaro  
And when I fire on a smile then she blows, she blows

I'm makin eyes through my sharp sunglasses  
She's such a brat now I'm packin her cigarettes  
I guess I'll take off these great sunglasses  
It makes her look me in the eye before she's taken away

So cool in her new Camaro  
It's black as coal and it goes boy, go go go  
She looks so cool in that new Camaro  
So black as coal and it goes, no it go go go

She look so cool in her new Camaro  
It's black as coal and it goes boy, go go go  
I brought my fight next to her Camaro  
And when I fire on a smile then she blows, she blows  
She blows, she blows
