

# Comeback Story

Kings of Leon

Picking up the pieces of the world I know  
With one in the fire and one in the snow  
It's a comeback story of a lifetime  
A comeback story of a lifetime

I'm bent on believing everything is alright  
I break with the day and I bend with the night  
It's a comeback story of a lifetime  
A comeback story of a lifetime

I walk a mile in your shoes  
And now I'm a mile away  
And I've got your shoes

The brighter the lights they're burning me out  
Everyone says it's a lovely sound  
I don't know where they are leading me  
Trying my best hoping that you'll see

I walk a mile in your shoes  
And now I'm a mile away  
And I've got your

I walk a mile in your shoes  
Now I'm a mile away  
And I've got your shoes

You'll rue the day when you understand  
I did my best to be an honest man  
Race isn't over 'til the finish line  
It's a comeback story of a lifetime

I walk a mile in your shoes  
And now I'm a mile away  
And I've got your shoes  
Now I'm a mile away  
And I've got your shoes  
Now I'm a mile away
