

# That's How It Goes

Kingspade

Ain't no telling what lies ahead  
Guess I'll find out when I get there  
What the future hold nobody knows  
That's the way of life  
That's how it goes

In the blink of an eye your whole life can change  
Cause in the blink of an eye you might not be seen again  
And I'm speakin from experience I should have been dead twice  
But someones ridin on my side to have saved my life 2 times  
"Man I'm so lucky"  
Is what my mind thinks first  
Then I think all of the people I could of hurt  
And it ain't even worth it I gotta change my ways  
I gotta straighten up so I can see my kids birthdays  
It's a miracle to walk away and be alive  
Without a scratch on my body that's the last time  
I'm gonna try my hardest to make wiser decisions  
If my friends say not to drive I'm gonna shut up and listen  
It's not right for parents to bury their kids  
And to offend those I love to have done the things I did  
I can't explain why my life was graciously spared  
But I gotta say I love you to the ones who cared about me...

D rock the mic D-Loc shine like a light  
So bite when I take flight in the middle of the night  
Despite all the cats never liked my skeez  
With this rap shit dog I made a couple hundred g's  
Come on please "STOP" hell naw  
I'm a keep on goin, I'm a keep on flowin,  
I'm a keep on rhymin, I'm a keep on climbin,  
You know doin my thing till my souls put to silence  
Until the wheels fall off I'm a ride  
Stand behind my mic in the spotlight watch me shine  
No time to play games with lames it's Do or Die  
We's too clever for that to even verse you when we rhyme  
So I'll see you on the other side walkin down the line  
With your peace sign up with 2 fingers in the sky  
Let the smoke fly hold um up not down  
"WOW" we're livin a crazy life...

You see up and down is the rythem of life  
And with up's comes down's no matter what type of fight  
Everybody knows pain but some will never know love  
Cause the world we live in today is pretty fucked up...

You can never count me out I'm like the last man standin  
The king of the hill dog I would of never even planned it  
It's hard to understand it, but damn it  
Whan it comes to my business I handle it  
D-Loc call me and don't ever take me for granted...

What lies ahead...  
When I get there...  
Nobody knows...  
That's how it goes...
