

Faith When I Fall

Kip Moore

I know it's been a long time since the last time we talked
I know I've been a stranger and that's all my fault
And asking you for anything don't really seem right
But the winds of change are blowing so I'm begging you tonight

Give me love when I ain't got nobody
A little hope when I ain't got none at all
Give me light up ahead on a journey
Give me strength when I'm standing
And faith when I fall, yeah

I know the rain is coming and it's sure gonna pour
I know there ain't no running from this kind of storm
It's gonna get harder and harder, they keep on pushing through
I'm gonna wanna quit, so I'll be counting on you

To give me love when I ain't got nobody
A little hope when I ain't got none at all
Give me light up ahead on a journey
Give me strength when I'm standing
And faith when I fall

When the clouds start parting and the sun starts shining through
This time I won't forget, I won't forget about you

Give me love when I ain't got nobody
A little hope when I ain't got none at all
Give me love when I ain't got nobody
A little hope when I ain't got none at all
Give me light up ahead on a journey
Give me strength when I'm standing
And faith when I fall

Give me strength when I'm standing
And faith when I fall, yeah
