

# Another Way

Kip Winger

Another prostitute  
Another killer  
Goes down in history  
Someone's hero  
Another temptation

I know the crime  
I know the cover up  
I know the prison  
It's everywhere I look  
It's everything I see

Everytime I think about it  
I know I'm as guilty  
Is it ever so much  
You've got to turn away  
Sometimes I can't imagine

Going on another day  
But I don't stop believing there's  
Another way  
Another nightmare  
Another day away

Another pill  
Another tear falls  
Another denial  
See it through you fake smile  
Inside your card-board house

Ain't so pretty  
It's everywhere I look  
It's everything I see  
Everytime I think about it  
I know I'm as guilty

It's in everybody's face  
It's in every handshake  
Seems some love the imitation  
Would rather walk away  
But I don't stop believing there's

Another way  
Another accident  
Couldn't feel the danger  
Living on a thrill  
Someone's hero

Another kid missing  
He was unforgiven  
Robbed of his glory  
And another tear falls  
It's everywhere I look

It's everything I see  
Everytime I think about it  
I know I'm as guilty

Is it every so much  
You've got to turn away

Sometimes I can't imagine  
Going on another day  
But I don't stop believing  
Don't stop believing

I can't stop believing there's  
Another way
