

# Shake It If Ya Got It

Kira Isabella

There ain't nothing goin' on in town tonight  
So we'll cut a path straight through the field  
Circle up them red taillights  
Get this thing goin' we'll

Leave the real world in the dust  
Ain't nobody lookin' at the time  
We'll be right here when the sun comes up  
It's gonna be one of those nights

We got the radio playing our favorite songs  
Cowboy boots and our blue jeans on  
All the girls look pretty from top to bottom  
C'mon everybody shake it if ya got it

Somebody's ride is gonna get stuck  
Somebody here's gonna fall in love  
Maybe end up with a little mud on 'em  
C'mon everybody shake it if ya got it

Well he thinks I'm cute in my Daisy Dukes  
I'm holding on tight to his arm  
He says with a grin as the rain rolls in  
We can move it on into the barn

All the girls with their red hot lips  
Wearin' their long hair down  
All the boys talkin' about all us girls  
And passin' that jar around

We got the radio playing our favorite songs  
Cowboy boots and our blue jeans on  
All the girls look pretty from top to bottom  
C'mon everybody shake it if ya got it

Somebody's ride is gonna get stuck  
Somebody here's gonna fall in love  
Maybe end up with a little mud on 'em  
C'mon everybody shake it if ya got it

Hey girls, blow 'em all kisses  
Shake it just a little  
Show 'em what they're missin'  
Girls, you might as well flaunt it  
Your momma gave it to you so  
Shake it if ya got it

C'mon girls  
C'mon everybody  
Everybody  
C'mon everybody  
C'mon girls  
Shake it if ya got it

We got the radio playing our favorite songs  
Cowboy boots and our blue jeans on  
All the girls look pretty from top to bottom

C'mon everybody shake it if ya got it

Somebody's ride is gonna get stuck  
Somebody here's gonna fall in love  
Maybe end up with a little mud on 'em  
C'mon everybody shake it if ya got it

C'mon girls  
Shake it if ya got it
