

Call On The Lord

Kirk Franklin

When you're weary and discouraged and your're feeling down and low when your friends forsake you and you have no place to go when your burdens feel too hard for you to try and bear just call on the lord and he will be right there just call on the lord and he will be right there

There have been times when I felt so all alone feeling like feeling like all my hope was gone I laid awake in my bed at night I wondering wondering wondering if everything will be alright then the master calmed the sea you now he came down from heaven and he he he rescued me just call call on the lord and he'll he'll be right there ummm,

There have been times when I felt so all alone feeling like feeling like all my hope was gone I laid awake in my bed at night I was hoping and a praying that things would be alright then the master calmed the sea you know he came down from heaven and he he he rescued me just call call on the lord and he'll he'll be right there when you're weary

Just call call on the lord
Your don't have to worry
Just call call on the lord
No don't you worry
Just call call on the lord
You don't have to fret
Just call call on the lord

(The choir repeats Jesus on the beat while the lead continues with (her)adlibs)

Why don't you call him in the morning call him in the evening call him call him call him his name is Jesus in the morning Jesus in the evening Jesus Jesus Jesus Alpha and Omega Jesus Jesus

Just call on the lord and he will be right there, just call on the lord and he will be right there

His name is Jesus (Jesus) in the morning (Jesus) Jesus in the evening (Jesus)
Jesus Jesus
