Don't Take Your Joy Away

Kirk Franklin

Don't take your joy away Don't take your joy away I know that I have done wrong But I'm asking You as I sing this song Don't take your joy away

Don't take it I can't make it I've tried it I can't live without it

Restore unto me the joy of my salvation Make me Jesus a new creation Shake me and make me Hold me and mold me Choose me and use me Chastise me Revive me
