

# He's Able

Kirk Franklin

I know that  
He can do it  
He said  
He'd help me through it  
(2x)

Hold on my brother, your change is gonna come  
Be strong my sister, for your work is not done, no  
Just keep on believing and hold on tight  
He's able to give you joy and the morning-light

I know that  
He can do it  
He said  
He'd help me through it

Hold on my brother, your change is gonna come  
Be strong my sister, for your work is not done  
Keep on believing and hold on tight  
He's able to give you joy and the morning-light

I know that  
He can do it  
He said  
He'd help me through it

He's able, oh yes, He is  
He's able, oh yes, He is  
He can do it, oh yes, He can  
He can do it, oh yes, He can  
He's able, oh yes, He is  
Oh yes, He is  
He's able
