

Keep Your Head

Kirk Franklin

Keep your head to the sky
I look in your eyes
I know your fight after your trouble, waiting in line
Praying this time, life won't pass you by
In the news, another one dies
Tell me what do you do
Negativity pulling me down
I can't stay down,
I wish I could make it go away
Wish I could find the right words to say
I'm calling you please
Jesus I need to hear a word from you

Gotta know that there's more to this life than what I can see
Wanna feel how it feels to know real love and see me happy
Have a faith that can say to a storm your temporary
I want to be free, if you want to be free

Keep your head to the sky
Keeping my eyes on you, you got to come thru
Cause you promised
Keep your head to the sky we only wait till you come,
Cause you're the one my heart's created for

Keep your head to the sky
Keeping my eyes on you, you got to come thru
Cause you promised
Keep your head to the sky we only wait till you come,
Cause you're the one my heart's created for

Keep your head to the sky
