

Savior More Than Life To Me

Kirk Franklin

Savior more than life to me
You are the joy and air I breathe
No other lover shall there be
That makes my spirit sang

Hold me close
Don't let me go
You're the only friend I'll ever know
That is why I love You so
More than life to me
More than life to me

More More
I've been searching
And You are

More More More Yes You are

You are more than life to me Yes You are

That is why I love You so

More than life to me
