

Drank In My Cup

Kirko Bangz

I then came down, hold up, grip the grain, roll up
And your girlfriend want a nigga like me
Cause I ain't trying to control her
She call me when she wants a change
Black diamond, my pinky ring
And she know you weak and we ain't the same
You hit the scene, I make the scene
I'm in her head like Maybelline
H-Town so I'm made to lean
I'm in her soul, I make her scream
I don't ride the toll, don't pay with change
I'm easy tag like peter pan
She want a man, don't need a man
I'm flying down your boulevard
She cooking dinner with your pants
Draped up, dripped out,
Your bitch know what I'm taking 'bout
Pulls up, pull out
We get it poppin' in the parking lot
She like to do it with the lights on
Don't matter to me if it's dark or not
I'm G'd up, East up
Fossil pants, I'm hard as rock

Girl I know how much you really want somebody
Want somebody that don't really need you
Girl I know how much you really want somebody
Want somebody that ain't trying to keep you
You heard what I said, that could put you to bed
That ain't tryna love you baby, just fuck you instead
And don't tell em nothing baby, you know that I'm coming baby
Just hit up my phone whenever you need you some company
Got this drank in my cup
Oh yeah
I got this drank in my cup (this draaaaaank)
I got this drank in my cup (this draaaaaank)
Cup... Bangz

I then came down, came up
Slow pitch, change up
Same hood, same style
Same drank, same cup
She call me when she wanna fuck
I never call, she knows what's up
Same page, same book
Different song, same hook
Every time her nigga tripping
She on the phone with the same crook
And every time I pull up
She hit me with that same look
Lips biting, hips right
She left her man for that get right
I'm in the middle, like midnight
But only if you got that sit tight
Only if you got that wine fine
Only if you got that sip type
Only if you got that mine bomb

Only if you got that zip type
Eat that shit like wonton
Joking baby, I'm pimp type
I'm used to being that one and done
But girl you got that (g-get right)

Girl I know how much you really want somebody
Want somebody that don't really need you
Girl I know how much you really want somebody
Want somebody that ain't trying to keep you
You heard what I said, that could put you to bed
That ain't tryna love you baby, just fuck you instead
And don't tell em nothing baby, you know that I'm coming baby
Just hit up my phone whenever you need you some company
Got this drank in my cup

H-Town
Oh yeah
I got this drink in my cup
I got this drink in my cup
(Cup, cup, cup)
I then came down, hold up
Hold up, I said hold up
Hold up, I then came down like hold up
Hold up, hold up... fuck, shit
