South Park?

Watch a nigga pull up, trunk on 15's  
Mind on some shit, that got my grind on plenty  
Niggas know I switch scenes  
Gotta get my green, gotta get that paper  
And I gotta rep for my team  
Got my city on my back  
But other niggas, they want it  
Niggas run away from my sound and then everybody take from it  
But not me I gotta stay down, H-Town up in the air when I'm around  
Hear that shit when I open my mouth  
Ain't fuck with me then, don't fuck with me now bitch  
Shit, I'm jammin -Ro when I'm swangin  
Ya'll ain't gotta fuck with me, either way I'm maintainin  
Fish fillet and my lady, in a candy Mercedes  
Pullin up to Timmy Chan's, taper fade under Raiders  
Club promoters, they pay me, free loaders be hatin  
They won't ever see a piece of all this money we makin  
Got this lil Cali lady, she was out there in Vegas  
She called me say they played my songs  
"I'm so happy you made it"  
Country nigga, they in love with this Red Bone thug  
Tatted up but we don't ever put a bitch on us  
Cause a bitch ain't shit, but a ho' and a slut  
I got that from my nigga Greg, that's my brotha, my blood  
See that same bitch you try to talk to in the club,  
turn you down, just to bring her and her friends to us  
We just chillin at the crib playin Madden and stuff  
House shoes, Jordan shorts, hella tatted and stuff  
And I don't smoke alotta weed, but I know my trees  
So nigga don't you bring that 20 dollar Dro by me  
I know some ho's that'll give their life to blow by me  
Same ho's go back and tell you they know bout me

It's hard to think  
When my mind goes blank  
You just can't think  
When your mind goes blank [x3]

It's hard to think  
When my mind goes blank  
You just can't think  
When your mind goes-
