

Play Me

Kirko Bangz

What a fuck you're trying to play me
Fuck you try to play me
Girl, just cause we're fucking, that doesn't mean we
What a fuck you're trying to play me?
What a fuck you're trying to play me?
Girl, just cause we're fucking, that don't make you my lady!
Fuck you try to play me
Fuck you try to play me
You act like you're my nigger
But I know you nigger is shady.
What a fuck you're trying to play me, doll?
Ain't got the time to sit around and play with ya!
You hate me cause I made it darl
I guess the right thing for me to do right now is to wait for ya
Now fuck that, I'mma... mother fucker with my hands up
Put my hands up, I could...
If they... for a... mother fucker...
I know some girls that can't...
I know some girls that can't stand us
But this is because we met, we fucked
And every time they call I don't answer
Don't play me!
Cause you know that if I was there right now,
Bitch you would try to see me
Yeah, fuck your friends, and your fucked ass man wanna beat me.
And Stacy I used to love her, she was there before I blow up
But I guess I, I just been gone too long
Or I guess I've been holding on too long

Or maybe, I've been putting on too long!

Whatever it is, or what it might be
You got a man... acting Shady
I enjoy the moment, same girl you made me smile
I just wish that you was here with me right now!
Not really, I'm just pissed cause you ain't down
Like you said you would, like you said you would
And I fucked it up like is aid I would
And I know I would but don't be trying to play me!
Don't be trying to play me
Say don't be trying to play me
Don't be trying to play me!
And my family, love family
But the world mean more is embarrassing
They been drop my name, drop my name,
Talking about that I'm about to drop that chain
I'm the same old nigger, got the same old digits
But everybody about to make me change...
Change old niggers, change old niggers!
So you people didn't know me 'till you niggers started bowling
I just spent ten in this strip club
Walking the day, and these bitches acting like they don't know me
I think my new bitch really want me
But she would... I ain't tripping cause...
But she wanna fuck, I ain't really wanna fuck,
Cause the bitch walked up saying don't be trying to play me!
Don't be trying to play me,

Don't be trying to play me!
