

That Pole

Kirko Bangz

Say she in king of diamonds monday
Ain't scared to get that money
In back in church by sunday
But we all know she's in love with that pole, pole, pole
She's in love with that pole, pole, pole
Ugh, say she in school tuesday through friday
Friday night that's my day
But saturday through sunday, she 'bout money
She ain't scared of that pole, pole, pole
She ain't scared of that pole, pole, pole

Said she in love with that pole
She so in love with that pole
She love wakin up, love wakin up, wakin up with that doe
I love it when she come home all the way drunk and all the way throwed
Said "boy be on that way, so you call me on that road
Got that drink up in my cup but that don't mean that I move slow
Drank up in my cup but that don't mean that I fuck slow"
She got a tattoo on her ass
You know it say kirko
She tattooed to her cash, shaking that ass and lettin it go
She like "baby boy don't trip about it, everything you hear 'cause these hoe
s
Sneak around on the low and I'm just out here getting my doe"
I'm like "baby girl don't trip about it, everything you hear 'cause these ho
es
Sneak around on the low and knowin they wanna get on that pole"

Say she in king of diamonds monday
Ain't scared to get that money
In back in church by sunday
But we all know she's in love with that pole, pole, pole
She's in love with that pole, pole, pole
Ugh, say she in school tuesday through friday

She ain't scared of that pole, pole, pole
She ain't scared of that pole, pole, pole

Baby I got all this money
If you would do it for me
Make your booty clap out I got racks if you want it it's yours
Cause baby we gon get this party started
You better turn your phone off don't want the niggas callin
Come here you be pullin on my zipper
I'm a give it to you and then her
And we be in this pole together
Giving you chills
Plus I make you climax while I'm lickin your back
How does it feel
Say I don't know it just started something
There she go on the pole
Drop it drop it low on the floor
I'm a put my hands up, you just do it some more
Doin it like a pro
She doin it like a pro
