

Walking On Clouds

Kirsty Hawkshaw

Chaste faded days
With eyes that cannot see
I want to feel it again washing over me
Discover all of you
One moment at a time
Taste smell secret sell
Your soul it touches mine

I want to feel alive
Hope knows I need it this way
Like I'm walking on clouds
I can't come down
Even if you wanted me to
I can't come down
Even if you wanted me to

Nothing can stop me
I'm never satisfied
I take what I want
Refuse to be denied
Live in the moment
The future can disguise
It's starting to touch us
But I still can't touch the sky

I need to feel alive
Hope knows I need it this way
Like I'm walking on clouds
I can't come down
Even if you wanted me to
I can't come down
Even if you wanted me to
