

## Hahaha, Pt. 1

Kishi Bashi

When we were Manta Rays floating as carelessly  
With every wave we felt what we were dreamed to say  
And in our fantasy we'd sting each other see?  
And try to sweep the leg but we have none hahaha  
Silly girl are you mad at me?  
With every game we played, we won us endless fame  
And in the summer rain  
We'd fall in love again  
We'd turn each other on and off and on and on yeah

And if your love for me was an anomaly  
Would you make up your death just to break up with me?  
As in our parody we'd mock each other see  
And so we'd laugh together and ever and ever hahaha  
Silly girl are you mad at me?  
We'd never feel the same till we break up again  
And in the summer rain  
We'd fall in love again  
We'd turn each other on and off and on and on yeah
