

I Twitch My Mouth and Grind My Teeth
I Roll My Eyes into a Light Thats on
A Feeling I Adore
Clap Your Hands and Stomp Your Feet
Roll Around Like in a Baptist Dream
A Feeling I Ignore

Get Off
This Doesnt Seem Right
That You and I are the Same Thing Every Time
A Blank Stare
A Glance Between Eyes
And You and I are the Same Thing Every Time
And Ill Fade away Cause I wont Take Those Lies

I Twitch My Mouth and Grind My Teeth
Roll My Eyes into a Light Thats on
A Feeling I Adore
But I Forgot it
I Forgot it
I Forgot it
The Feeling I Ignore

Get Off
This Doesnt Seem Right
That You and I are the Same Thing Every Time
A Blank Stare
A Glance Between Eyes
And You and I are the Same Thing Every Time
And Ill Fade away Cause I wont Take Those Lies

Im on the Paths all Walked Before
Im Growing Tired of This and Bored
Now I Forget All Those Who Need
Trapped in My own, Closed Off in Grief

But If I Get By in My Life Id Like To
Share My Life With You
To Grow Beside you in Love True

And I Forget All Those Who Bleed
Trapped Inside All I Have Ever Sought
And I Wait For You To See
And I Forget When on My Knees
Tired and Worn Just Like a Vagabond
Youre There to Help me Grieve
