

## Dance All Over Your Face

Kiss

Baby, I know it's a jungle out there  
Well if you can play it cool, I can play it debonair  
You were warm, but there was an inner ice  
And baby, it was like a rollin' dice  
Well I told you once, I told you twice  
Hey listen babe, there's trouble in paradise

Well, I found a lipstick stain of your kiss  
Well, you can sink your teeth into this, bitch

So I'm gonna dance [(dance, dance, dance)] all over your face  
I'm gonna dance all over your face  
I'm gonna dance [(dance, dance, dance)] all over your face  
I'm gonna dance all over your face

Hey baby, can you pass this quiz?  
Well, just put your money where your mouth is  
You're as sharp as a slap from a lover's hand  
Hey baby, baby, baby, this is all I can stand  
You played your hand, and now you lose  
Well listen bitch, I've got news

Yes, I saw you with another man  
And you put me in disgrace

So I'm gonna dance [(dance, dance, dance)] all over your face  
I'm gonna dance all over your face  
I'm gonna dance [(dance, dance, dance)] all over your face  
I'm gonna dance all over your face

Dance, dance all over your face  
I'm gonna dance all over your face

No cheap perfume can change my mind  
No satin and lace  
Yes, I'm gonna dance all over your face

No thigh high boots, forbidden fruits  
No satin and lace  
Yes, I'm gonna dance [(dance, dance, dance)] all over your face  
I'm gonna dance, ow
