## **Dance All Over Your Face**

Baby, I know it's a jungle out there Well if you can play it cool, I can play it debonair You were warm, but there was an inner ice And baby, it was like a rollin' dice Well I told you once, I told you twice Hey listen babe, there's trouble in paradise

Well, I found a lipstick stain of your kiss Well, you can sink your teeth into this, bitch

So I'm gonna dance [(dance, dance, dance)] all over your face I'm gonna dance all over your face I'm gonna dance [(dance, dance, dance)] all over your face I'm gonna dance all over your face

Hey baby, can you pass this quiz? Well, just put your money where your mouth is You're as sharp as a slap from a lover's hand Hey baby, baby, baby, this is all I can stand You played your hand, and now you lose Well listen bitch, I've got news

Yes, I saw you with another man And you put me in disgrace

So I'm gonna dance [(dance, dance, dance)] all over your face I'm gonna dance all over your face I'm gonna dance [(dance, dance, dance)] all over your face I'm gonna dance all over your face

Dance, dance all over your face I'm gonna dance all over your face

No cheap perfume can change my mind No satin and lace Yes, I'm gonna dance all over your face

No thigh high boots, forbidden fruits No satin and lace Yes, I'm gonna dance [(dance, dance, dance)] all over your face I'm gonna dance, ow
