

Danger Us

Kiss

Heaven, don't send me someone to love
Angels know, they're not what I'm dreaming of
Tell me about your fantasies
You know what I need tonight
Baby, you and me, we're like TNT
Light the dynamite

Too parts trouble (too parts trouble)
Double down tough... (double down tough)
Danger you
Danger me
Danger us

I know, people don't always know what they need
Passion play can make a lonely heart bleed
I don't want my candy sweet
You don't want your lovin' nice
Everytime we meet, we're like TNT
Light the dynamite

Too parts trouble (too parts trouble)
Double down tough... (double down tough)
Danger you
Danger me
Danger us

Too parts trouble (too parts trouble)
Ready, steady, rough (ready, steady, rough)
Danger you
Danger me
Danger us

Well, alright!
Danger us!
Ooh, yeah-yeah!

Yeah!

Tell me about your fantasies
You know what I need tonight
Baby, you and me, we're like TNT
Light the dynamite

Too parts trouble (too parts trouble)
Double down tough... (double down tough)
Danger you
Danger me
Danger us

Too parts trouble (too parts trouble)
Ready, steady, rough (ready, steady, rough)
Danger you
Danger me
Danger us

Wow!

Oh yeah...
