

## Eat Your Heart Out

Kiss

Eat your heart out baby  
Oh, won't you get me something sweet  
Eat your heart out baby (yeah)  
A hot mess is just what I need (uh, yeah)

Yeah, give me a kiss I'll bite your lip  
C'mon baby let your backbone slip  
You've got something that gets me jumpin'  
I got something wanna talk about  
I ain't lyin' there's no denying  
There ain't no doubt about that

Eat your heart out baby  
Oh, won't you get me something sweet  
Eat your heart out baby (yeah)  
A hot mess is just what I need

You got big trouble crawling up your spine (yeah, yeah)  
If you want double trouble stop wasting time (yeah, yeah)  
Sparks fly, my blood runs high  
I wanna show you what it's all about  
Grease lightning at my feet  
I know I feel the heat

You're my pleasure  
You're my pain  
I'm coming back again

It feels right  
It feels goods  
You give me pleasure like a big girl should

Oh, yeah!  
Ooh!

I wanna eat your heart out baby  
Oh, won't you get me something sweet  
Eat your heart out baby (yeah)  
A hot mess is just what I need  
What I need  
Eat your heart out baby  
You've got something sweet  
Sweet!  
Eat your heart out baby  
I wanna  
Eat your heart out baby  
Oh yeah
