

Good Girl Gone Bad

Kiss

It ain't love, but it ain't so bad
She ain't nothin' like you ever had
Face of a woman, hands of a child, yeah
Been a long time comin', now she's goin' wild

Well I know she ain't the girl next door
She ain't the girl she was before

She's a good girl gone bad, one kiss can drive me mad
Good girl - come on - show me the way

The girl can't help it, she's out of control
I gotta have her, she's so hot to hold, yeah
She's gettin' her way, but I'm havin' my fun
Steamin' up the window with the radio on

She ain't searchin', she knows the score,
it ain't love she's lookin' for
But now she's gone too far,
she found love in the back of my car
She's a good girl gone bad, one kiss can drive me mad
Good girl - come on - show me the way
She's a good girl gone bad, the best love I ever had
Good girl - come on - take me away,
oh, take me away, take me away
She ain't searchin', she knows the score,
it ain't love she's lookin' for
But now she's gone too far, I know

She's a good girl gone bad, one kiss can drive me mad
Good girl, come on, show me the way
She's a good girl gone bad, the best love I ever had
Good girl, come on, take me away
