

# Heart of Chrome

Kiss

You better listen up  
Since you screwed me you've been on my mind  
Yeah, till the day we met  
I was cruisin', I was doin' fine  
Ooh, but now my world's gone crazy  
And I think about you all the time

I'm gonna tell it to ya baby  
It ain't like it was  
There'll be no ifs ands or maybes  
Only justice, because

Hey, baby [(I got an angry soul, I got a broken home)]  
I'm gonna stick it in your heart of chrome  
[(I got no self-control, you gotta heart of chrome)]  
Yeah, sugar [(and now you're gonna see, that since you messed with me)]  
I'm gonna stick it in your heart of chrome  
[(You'll pay eternally for)] your heart of chrome

Yeah, you really made a fool outta me

Everybody knew you used me  
But I was just too blind to see  
You taped our sexy conversations  
And you sold 'em to the BBC

You told me people can't be trusted  
You gotta watch the things they do  
But if you still believe in justice  
I'm gonna give it to ya, give it to ya, ooh

Hey, baby [(I got an angry soul, I got a broken home)]  
I'm gonna stick it in your heart of chrome  
[(I got no self-control, you gotta heart of chrome)]  
Yeah, sugar [(and now you're gonna see, that since you messed with me)]  
I'm gonna stick it in your heart of chrome  
[(You'll pay eternally for)] your heart of chrome

You told me lies about all that you feel  
I realize now that nothing was real  
You took everything you could beg, borrow, steal

Ooh, hey baby [(I got an angry soul, I got a broken home)]  
I'm gonna stick it in your heart of chrome  
[(I got no self-control, you gotta heart of chrome)]  
Yeah, sugar [(and now you're gonna see, that since you messed with me)]  
I'm gonna stick it in your heart of chrome  
[(You'll pay eternally for your heart of chrome)]

Hey, baby [(I got an angry soul, I got a broken home)]  
I'm gonna stick it in your heart of chrome  
[(I got no self-control, you gotta heart of chrome)]  
Yeah, sugar [(and now you're gonna see, you'll pay eternally for)]  
Your heart of chrome
