

In Your Face

Kiss

I'll never cut my hair
I'll never shed my skin
I won't give in
'Cause that's the original sin

Now I know I don't belong
Can't do right if I can't be wrong
You won't catch me
Signing the same old song, no, you won't

Ask me no questions
And I'll tell you no lies
I never say never
Yeah, I never say die

Don't push me to the limit
Wouldn't wanna be in your place
Better look out
'Cause the ace is in your face

In your face
I know I always go too far
In your face
Oh yeah, but I've been

Saved by my guitar
In your face
They say I come from
Another place

In your face
Oh yeah, I'm the man
From outer space

Now ask me no questions
And I'll tell you no lies
I never say never
I never say die

You might be hallucinating
I can't tell if you are on glue
What I can't have is what I want
I think you know it's true

In your face
In your face
In your face
In your face

In your face
I know I always go too far
In your face
Oh yeah, but I've been

Saved by my guitar
In your face
Everyone knows I come from

Outer space

In your face
Just don't forget
I'll always be there
In your face

That's right, I'm the man
That's right, curly
Come to my planet
That's right, I'm the ace
