

Love 'Em and Leave 'Em

Kiss

My limousine is a-waitin'
And I see you comin' my way, hey, hey, hey
I'm sittin' by the window
And you ask me which hotel I stay in
Well, make a reservation
Between the hours of ten and two, how do you do
You've got the time to remember
I've gotta slick proposition you
There's nothing else I'd rather do

So you lift your dress
You wanna impress
There's one thing I've got to confess

Love 'em, leave 'em, love 'em, leave 'em
Love 'em, leave 'em, love 'em, leave 'em, yeah
Yeah, yeah

Mmm, so I give you my number
You say you will see me tonight
You just have to remember
Check with me if it's alright
You wanna sit in my driver's seat
If you do it's alright with me
I've got to hand it to you, baby
You know what a girl's gotta do
There's nothing else I'd rather do
With you, but I, but I

Love 'em, leave 'em, love 'em, leave 'em
Love 'em, leave 'em

Love 'em, leave 'em, love 'em, leave 'em
Love 'em, leave 'em, love 'em, leave 'em, yeah

Love 'em, leave 'em, love 'em, leave 'em
Love 'em, leave 'em, love 'em, leave 'em, yeah
Love 'em, leave 'em, love 'em, leave 'em
Love 'em, leave 'em, love 'em, leave 'em, yeah
Love 'em, leave 'em, love 'em, leave 'em
Love 'em, leave 'em, love 'em, leave 'em, yeah
Love 'em, leave 'em
